IF YOU PLAN IT... THEY WILL COME

Reno Aces Baseball Club: The Premier Choice for Your Next Special Event

"The Aces Ballpark is a remarkable facility and one of the crown jewels of minor league ballparks. If you added a middle tier and an upper deck, you would think you were in AT&T Park in San Francisco, Petco Park in San Diego or Camden Yards in Baltimore, it is that good. It truly is a festive atmosphere in a fan friendly stadium, something Reno has never had until now."

— Ed Kobak, Sportscentral.com

ABOUT THE BALLPARK

Aces Ballpark is Triple-A Baseball's most popular venue, with more tickets sold per capita than any other host city. But it's really more than just a baseball park. Aces Ballpark is intent on becoming a key member of the hospitality and entertainment industry in Northern Nevada. Our team, including experienced marketing and event professionals, is focused on working with meeting planners, convention organizers and event producers to create one-of-a-kind, customized plans and programs to fulfill every request.

In 2010, Management decided to open up this extraordinary venue to everyone who wants to use the park for private events. The Aces

team occupies the ballpark only about 75 days per year; now, on non-game days, the general public and private organizations can tap this wonderful resource for a variety of functions, celebrations and gatherings.

The venue is especially ideal for large scale productions and can comfortably hold 9,013 people, with 6,500 premiere seats, featuring armrests and drink holders. There is a 360-degree concourse for walking and a 360-degree special "beverage rail" where guests can comfortably set food and beverages while walking the concourse. Throw in our professional relationships with only extraordinary collaborators and every event becomes a winner.

GREAT CITY...

Reno: “The Biggest Little City in the World”

Reno is undergoing a transformation like never before, and it all began with the Reno Aces Baseball Club in April 2009. The \$60 million Aces Ballpark is home to the Reno Aces – Triple-A baseball, PCL style and just a step away from the Major Leagues. “The Biggest Little City in the World” is now experiencing a new level of pride and excitement with the arrival of the Reno Aces. The team brings national attention to a city that is experiencing unprecedented change.

Sitting alongside the historic Truckee River, Aces Ballpark sparked the ongoing re-development of the Freight House District. The ballpark’s eye-catching architecture, spacious accommodations and signature features, such as a children’s play zone have brought more than 500,000 baseball fans to Reno.

Now, you can be a part of this incredible transformation. From corporate events to private celebrations, this is the ultimate venue for any gathering. It’s a whole new level of excellence never before seen in Reno.

“Reno is lucky to have developers of this caliber in our city. When they say they are going to do something, they do it. And they always over-deliver.”

— Bob Cashell, Reno Mayor
